

Your 2019 Prescription Drug List

Traditional Four-Tier

Effective January 1, 2019

This Prescription Drug List (PDL) is accurate as of January 2019 and is subject to change after this date. The next anticipated update will be July 2019. This PDL applies to members of our UnitedHealthcare medical plans with a pharmacy benefit subject to the Traditional Four-Tier PDL. Your estimated coverage and copayment/coinsurance may vary based on the benefit plan you choose and the effective date of the plan.

Understanding your Prescription Drug List (PDL)

What is a PDL?

This document is a list of the most commonly prescribed medications. It includes both brand-name and generic prescription medications approved by the Food and Drug Administration (FDA). Medications are listed by common categories or classes and placed in tiers that represent the cost you pay out-of-pocket. They are then listed in alphabetical order.

How do I use my PDL?

You and your doctor can consult the PDL to help you select the most cost-effective prescription medications. This guide tells you if a medication is generic or brand, and if there are coverage requirements or limits. Bring this list with you when you see your doctor. If your medication is not listed here, please visit your plan's member website or call the toll-free member phone number on your health plan ID card.

What are tiers?

Tiers are the different cost levels you pay for a medication. Each tier is assigned a cost, determined by your employer or benefit plan. This is how much you will pay when you fill a prescription. See page 6 for additional information.

When does the PDL change?

PDL changes typically occur twice per year. However, changes that have a positive impact for you — such as coverage for new medications or cost savings — may occur at any time. You can log in to the member website listed on your health plan ID card at any time to check your medication coverage and lower-cost options.

About this PDL

Where differences exist between this PDL and your benefit plan documents, the benefit plan documents rule. This PDL is not a complete list of medications, and not all medications listed may be covered by your plan. Please look at the benefit plan documents provided by your employer or health plan to see which medications are covered under your plan.

Understanding your Prescription Drug List (continued)

Why are some medications excluded from coverage?

We review medications based on their total value, including effectiveness and safety, how much they cost, and the availability of alternative medications to treat the same or similar medical conditions. Certain medications may be excluded from coverage or subject to prior authorization (sometimes referred to as precertification) if similar alternatives are available at a lower cost. Examples include medications that work the same way, but one is much more expensive than the other, or options that are available without a prescription (also referred to as over-the-counter medications). There are also some instances where the same product can be made by two or more manufacturers, but greatly vary in cost. In these instances, only the lower-cost product may be covered. You should review your benefit plan documents to confirm if any medications are excluded from your plan. You can log in to the member website listed on your health plan ID card at any time to check your medication coverage. Talk to your doctor to see if there are lower-cost options or over-the-counter medications available.

Who decides which medications are covered?

Thousands of medications are already available and more come to the market regularly. Often, several medications are available to treat the same condition. The UnitedHealthcare® Pharmacy and Therapeutics Committee, which includes both internal and external physicians and pharmacists, meets regularly to provide clinical reviews of all medications. Using this information, the PDL Management Committee, which includes senior UnitedHealth Group® physicians and business leaders, meets to evaluate overall health care value. They also determine coverage and tier status for all medications.

What is the difference between brand-name and generic medications?

Generic medications contain the same active ingredients (what makes the medication work) as brand-name medications, but they often cost less. Once the patent for a brand-name medication ends, the FDA can approve a generic version with the same active ingredients. These types of medications are known as generic medications. Sometimes, the same company that makes a brand-name medication also makes the generic version.

What if my doctor writes a brand-name prescription?

If your doctor gives you a prescription for a brand-name medication, ask if a generic equivalent or lower-cost option is available and could be right for you. Generic medications are usually your lowest-cost option, but not always. For some benefit plans, if a brand-name drug is prescribed and a generic equivalent is available, your cost-share may be the copayment PLUS the cost difference between the brand-name drug and the generic equivalent.

What if I am taking a specialty medication?

Specialty medications are high-cost and are used to treat rare or complex conditions that require additional care and support. For most plans, these medications are managed through the specialty pharmacy program. Take advantage of personalized support designed to help you get the most out of your treatment plan. Visit the member website listed on your health plan ID card or call the toll-free phone number on your ID card to learn more.

Please note, not all specialty medications are listed here. If you're taking a specialty medication that is on a higher tier, call the toll-free phone number on your ID card to talk with a pharmacist about finding lower-cost options or a financial assistance program.

Over-the-counter (OTC) medications

An OTC medication may be the right treatment option for some conditions. Talk to your doctor about available OTC options. Even though these medications may not be covered by your pharmacy benefit, they may cost less than a prescription medication.

Reading your PDL

The PDL gives you choices so you and your doctor can determine your best course of treatment. In this PDL, brand-name medications are shown in bold type and generic medications in plain type.

Tier information

Using lower tier medications can help you pay your lowest out-of-pocket cost. Your plan may have multiple or no tiers. Please note: If you have a high deductible plan, the tier cost levels may apply once you hit your deductible.

Drug Tier	Includes	Helpful Tips
Tier 1	\$ Lower-cost Medications that provide the highest overall value. Mostly generic drugs. Some brand-name drugs may also be included.	Use Tier 1 drugs for the lowest out-of-pocket costs.
Tiers 2 and 3	\$\$ Mid-range cost Medications that provide good overall value. Mainly preferred brand-name drugs.	Use Tier 2 or Tier 3 drugs, instead of Tier 4, to help reduce your out-of-pocket costs.
Tier 4	\$\$\$ Highest-cost Medications that provide the lowest overall value.	Many Tier 4 drugs have lower-cost options in Tiers 1, 2 or 3. Ask your doctor if they could work for you.

Reading your PDL (continued)

Drug list information

In this drug list, some medications are noted with letters next to them to help you see which ones may have coverage requirements or limits. Your benefit plan determines how these medications may be covered for you.

E **May be excluded from coverage or subject to Prior Authorization in Connecticut, New Jersey and New York. (Referred to as First Start in New Jersey)**

Lower-cost options are available and covered.

H **Health Care Reform Preventive**

This medication is part of a health care reform preventive benefit and may be available at no additional cost to you.

H-PA **Health Care Reform Preventive with Prior Authorization**

May be part of health care reform preventive and available at no additional cost to you if prior authorization criteria is met.

PA **Prior Authorization (sometimes referred to as Precertification)**

Requires your doctor to provide information about why you are taking a medication to determine how it may be covered by your plan.

RS **Refill and Save Program**

Save money on your copayment when you refill your prescription on time as prescribed. Program eligibility may vary.

SP **Specialty Medication**

Specialty medications treat complex or rare conditions and may require special storage and handling. You may be required to obtain these medications from a specialty pharmacy.

ST **Step Therapy (referred to as First Start in New Jersey)**

Requires prior authorization and may require you to try one or more other medications before the medication you are requesting may be covered.

SL **Supply Limits**

Specifies the largest quantity of medication covered per copayment or in a defined period of time.

For the most current list of covered medications or if you have questions:

Call the toll-free member phone number on your health plan ID card.

Visit your plan's member website listed on your health plan ID card to:

- View your pharmacy benefit and coverage information, including prescription history
- View medication interactions and side effects
- Locate a participating retail pharmacy by ZIP code
- Look up possible lower-cost medication alternatives
- Compare medication pricing and options

And, if home delivery services are included in your pharmacy benefit, you can also:

- Refill prescriptions
- Check the status of your order
- Set up reminders for refills
- Manage your account

Nondiscrimination notice and access to communication services

UnitedHealthcare® and its subsidiaries do not discriminate on the basis of race, color, national origin, age, disability or sex in its health programs or activities.

If you think you were treated unfairly because of your sex, age, race, color, disability or national origin, you can send a complaint to the Civil Rights Coordinator.

Online: UHC_Civil_Rights@uhc.com

Mail: Civil Rights Coordinator
UnitedHealthcare Civil Rights Grievance
P.O. Box 30608
Salt Lake City, UT 84130

You must send the complaint within 60 days of your experience. A decision will be sent to you within 30 days. If you disagree with the decision, you have 15 days to ask us to look at it again. If you need help with your complaint, please call the toll-free phone number listed on your ID card, TTY **711**, Monday through Friday, 8 a.m. to 8 p.m., or at the times listed in your health plan documents.

You can also file a complaint with the U.S. Dept. of Health and Human Services.

Online: <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>
Complaint forms are available at
<http://www.hhs.gov/ocr/office/file/index.html>

Phone: Toll-free **1-800-368-1019**, 800-537-7697 (TDD)

Mail: U.S. Dept. of Health and Human Services
200 Independence Avenue,
SW Room 509F, HHH Building
Washington, D.C. 20201

We provide free services to help you communicate with us, including letters in other languages or large print. Or, you can ask for an interpreter. To ask for help, please call the toll-free phone number listed on your ID card, TTY **711**, Monday through Friday, 8 a.m. to 8 p.m., or at the times listed in your health plan documents.

Multi-language interpreter services
